| Specifications           |                        |
|--------------------------|------------------------|
| Model                    | MB005                  |
| Freq.Range-MHz           | 30 to 1000             |
| Impedance-Ω              | 50                     |
| VSWR                     | ≤1.4                   |
| Max.Power-W              | 100                    |
| Fixed Connector          | SL16 female            |
| Cable Connector          | BNC male or Customized |
| Cable Length-M           | 5M or Customized       |
| Weight-KG                | About 0.5              |
| Operating Temperature-°C | -40 to 60              |
| Storage Temperature-°C   | -55 to 85              |
| Relative Humidity-%      | 5 to 95                |
| Rated Wind Velocity-M/S  | 60                     |
| Mounting way             | Clamping and fixing    |
